

Massachusetts Chapter of IAAO, Inc.  
IAAO Course 600 – Principles and  
Techniques of Cadastral Mapping

Course Dates - November 4 – 7, 2024  
Instructor: Kit Cecil, In-person Course

## IAAO Course 600 - Principles & Techniques of Cadastral Mapping

Course 600 serves as an introduction to property ownership mapping with an emphasis on the preparation and use of assessment maps. Topics covered include ownership data gathering, map sources, mapping equipment, base maps, conveyances, acreage calculation, mapping administration, and parcel identification systems. A comprehensive set of case problems covering the metes and bounds survey system and the rectangular survey system is included in the course material.
