Math Tutorial for Course 101

This class is open to anyone wishing to refresh general knowledge of math that is used in cost and sales comparison approaches to value. It is recommended for students planning on taking IAAO Course 101. The class will review math functions and formulas used in Course 101 along with practice problems. The class will cover math used to calculate: percentages and factors; trending; effective/nominal tax rates; area calculations; sales adjustments; cost new and depreciation.

Topic: Course 101 Math Tutorial
Time: June 2, 2026, 9:00 am to 2:00 pm - Eastern Time (US and Canada)
